

RISE with SAP® Transformation on Your Terms and on Your Timeline

OVERVIEW

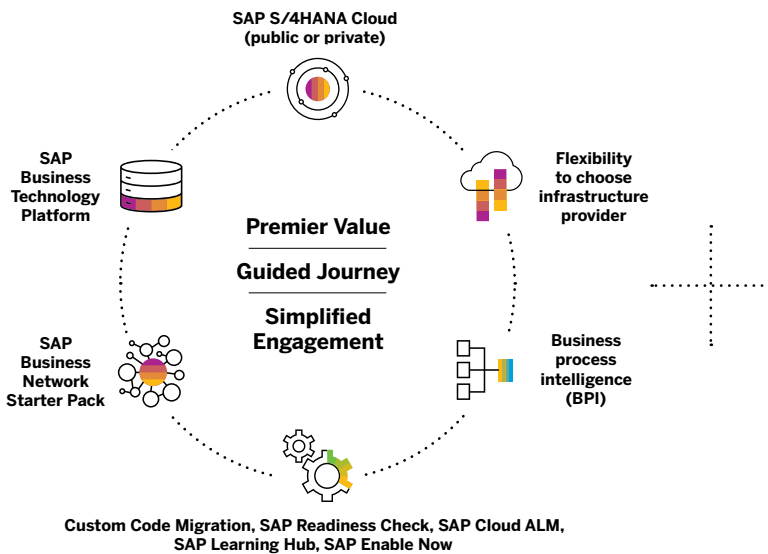

RISE with SAP® is a comprehensive, on-your-terms and on-your-timeline transformation to the Intelligent Enterprise. It responds to the need for a simplified, flexible, holistic pathway that is fully accompanied every step of the way. The package bundles together under the same roof the tools, guidance, and support systems required for enterprises to become truly intelligent and fit for the future. Moreover, it empowers you to chart your own course in the manner that works best for you – regardless of your starting point or how fast you wish to go.

Unlocked value

- Acquire the flexibility to address disruption without requiring high upfront investment.
- Enjoy a simpler, swifter, more seamless, and guided path to becoming an intelligent enterprise.
- Gain ready access to the entire toolkit for holistic business transformation – everything at your fingertips, all in one place.

What's in it for you?

- A future-proof business fit for handling tomorrow's changes
- Accelerated outcomes with a fast time to value
- Up to 20% lower TCO than traditional on-premise ERP deployments – including a one-time migration cost over five years¹
