The essentials to create

Get the classic Office apps - Word, Excel, and PowerPoint to create and present your ideas.

Icons - New built-in library of professional, high-quality icons you can use to make your content more visual. Since these icons are vector-based, they look great at any size without getting pixelated.

Make your presentations more dynamic and exciting. Create cinematic motion effortlessly with **Morph** and jump to and from slides and sections in any order you decide with **Zoom**.

Capture and organize your ideas

The essential tools you need to capture, analyze, and organize your ideas.

The pen 'just works', bring your pen to the screen and it will ink. There's no need to enable or disable a separate mode.

Identify insights, trends and opportunities in your data with **Funnel Charts**, **2D Maps**, and publish PowerPivot, and PowerQuery enhancements.

Focused Inbox - Messages you need to act on right away appear in Focused while the rest wait for you in Other. Messages will no longer be moved to the Clutter folder.
